Loxahatchee, Florida 33470

**RE: NORTH "B" ROAD CANAL EXCAVATION FROM OKEECHOBEE BOULEVARD
TO NORTH ROAD**

Dear Bill:

Please be advised that the Loxahatchee Groves Water Control District will begin excavation of North "B" Road Canal from Okeechobee Boulevard to North Road on Monday, June 1, 2015 to restore the canal to its design cross-section. This excavation should be completed by June 29, 2015. However, the west side of the canal maintenance berm along South "B" Road will be closed from June 1, 2015 through August 31, 2015 to allow for drying of the excavated material, grading, and seeding.

We have notified, in writing, all landowners along the west side of North "B" Road Canal. We will also notify, in writing, the Loxahatchee Groves Landowners' Association (via Marge Herzog), the equestrian community of Loxahatchee Groves (via Nina Corning), Loxahatchee Groves Post Office, Palm Beach County Sheriff's Office, Palm Beach County Fire-Rescue, School District of Palm Beach County, and Solid Waste Authority. We will also post a notice on the District's website, and request the same notice be posted on the Town's website.

Sincere regards,
LOXAHATCHEE GROVES WATER CONTROL DISTRICT

Steve Yohe/lrb
