## OWNER/BUILDER AFFIDAVIT

### **OWNER BUILDER AFFIDAVIT & DISCLOSURE STATEMENT PERMIT #**

The provisions of Chapter 489.103, F.S. requires construction to be done by licensed contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own contractor even though you do not have a license. ***You must perform or provide direct on-site supervision of the construction yourself.*** You may build or improve a one-family or two-family residence or improve a commercial building at a cost of \$75,000 or less in value within any 12 month period, ***provided the residence or building is for your own use and occupancy.*** It may not be built or substantially improved for sale or lease. If you sell or lease a building you have built or substantially improved yourself within one year after the construction is complete, the law will presume that you built it for sale or lease, which is a violation of this exemption. You may not hire an unlicensed person as your contractor or to supervise people working on your building. It is your responsibility to make sure that people employed by you have licenses and insurance required by State law and by County licensing ordinances. Any person working on your building who is not licensed must work under your direct supervision and must be employed by you, which means that you must deduct F.I.C.A and withholding tax and provide workers' compensation for that employee, all as prescribed by law. **The construction must be performed according to all Building Codes and Zoning Regulations, and it is your responsibility as the Owner/Builder to make sure this is done and correct any code violations. A Loxahatchee Groves Building Permit does not assure compliance with your Homeowners Association's rules, regulations and/or deed restrictions. We advise you to obtain approval from your Homeowners Association before improving your property.**

#### **Disclosure Statement: Therefore, I understand and agree:**

1. That state law requires construction to be done by a licensed contractor and have applied for an owner-builder permit under an exemption from the law. The exemption specifies that I, as the owner of the property listed, may act as my own contractor with certain restrictions even though I do not have a license.
2. That building permits are not required to be signed by a property owner unless he or she is responsible for the construction and is not hiring a licensed contractor to assume responsibility.
3. That, as an owner-builder, I am the responsible party of record on a permit. I understand that I may protect myself from potential financial risk by hiring a licensed contractor and having the permit filed in his or her name instead of my own name. I also understand that a contractor is required by law to be licensed in Florida and to list his or her license numbers on permits and contracts.
4. That I may build or improve a one-family or two-family residence or a farm outbuilding. I may also build or improve a commercial building if the costs do not exceed \$75,000. The building or residence must be for my own use or occupancy. It may not be built or substantially improved for sale or lease unless I am completing the requirements of a building permit where the contractor listed on the permit substantially completed the project. If a building or residence that I have built or substantially improved myself is sold or leased within 1 year after the construction is complete, the law will presume that I built or substantially improved it for sale or lease, which violates the exemption.
5. That, as the owner-builder, I must provide direct, onsite supervision of the construction.
6. That I may not hire an unlicensed person to act as my contractor or to supervise persons working on my building or residence. It is my responsibility to ensure that the persons whom I employ have the licenses required by law and by county or municipal ordinance.
7. That it is a frequent practice of unlicensed persons to have the property owner obtain an owner-builder permit that erroneously implies that the property owner is providing his or her own labor and materials. I, as an owner-builder, may be held liable and subjected to serious financial risk for any injuries sustained by an unlicensed person or his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an owner-builder and am aware of the limits of my insurance coverage for injuries to workers on my property.
8. That I may not delegate the responsibility for supervising work to a licensed contractor who is not licensed to perform the work being done. Any person working on my building who is not licensed must work under my direct supervision and must be employed by me, which means that I must comply with laws requiring the withholding of federal income tax and social security contributions under the Federal Insurance Contributions Act (FICA) and must provide workers' compensation for the employee. I understand that my failure to follow these laws may subject me to serious financial risk.

## OWNER/BUILDER AFFIDAVIT

9. That, as the party legally and financially responsible for this proposed construction activity, I will abide by all applicable laws and requirements that govern owner-builders as well as employers. I also understand that the construction must comply with all applicable laws, ordinances, building codes, and zoning regulations.
10. I understand that I may obtain more information regarding my obligations as an employer from the Internal Revenue Service, the United States Small Business Administration, the Florida Department of Financial Services, and the Florida Department of Revenue. I also understand that I may contact the Florida Construction Industry Licensing Board at (850-487-1395) or (myfloridalicense.com) for more information about licensed contractors.
11. That I am aware of, and consent to, an owner-builder building permit applied for in my name and understand that I am the party legally and financially responsible for the proposed construction activity at the following address: (address of property).
12. To notify Town of Loxahatchee Groves Building Department immediately of any additions, deletions, or changes to any of the information that I have provided on this disclosure.

Licensed contractors are regulated by laws designed to protect the public. If you contract with a person who does not have a license, the Construction Industry Licensing Board and Department of Business and Professional Regulation may be unable to assist you with any financial loss that you sustain as a result of a complaint. Your only remedy against an unlicensed contractor may be in civil court. It is also important for you to understand that, if an unlicensed contractor or employee of an individual or firm is injured while working on your property, you may be held liable for damages. If you obtain an owner-builder permit and wish to hire a licensed contractor, you will be responsible for verifying whether the contractor is properly licensed and the status of the contractor's workers' compensation coverage.

Before a building permit can be issued, this disclosure statement must be completed and signed by the property owner and returned to the local permitting agency responsible for issuing the permit. A copy of the property owner's driver license, the notarized signature of the property owner, or other type of verification acceptable to the local permitting agency is required when the permit is issued.

I, the owner of property legally described as (attach copy of Warranty Deed): \_\_\_\_\_

Address: \_\_\_\_\_  
do hereby certify that I have read the foregoing, and am aware of my responsibilities and liabilities for construction work on the above-described property. I do hereby covenant and agree to abide by each of the aforesaid stipulations. I further understand that any falsification of the above statements constitutes fraud and may result in revocation of this permit.

## **Asbestos Notification Statement**

Per Florida Statute 553.79(11) each permit for the demolition or renovation of an existing structure shall contain an asbestos notification statement which indicates the owner's or operator's responsibility to comply with the provisions of Florida State Statute. 469.003 and to notify The Department of Environmental Protection of his or her intentions to remove asbestos, when applicable, in accordance with state and federal law.

### **469.003 License required**

- (1) No person may conduct an asbestos survey, develop an operation and maintenance plan, or monitor and evaluate asbestos abatement unless trained and licensed as an asbestos consultant as required by this chapter.
- (2) (a) No person may prepare asbestos abatement specifications unless trained and licensed as an asbestos consultant as required by this chapter.
- (3) No person may conduct asbestos abatement work unless licensed by the department under this chapter as an asbestos contractor, except as otherwise provided in this chapter.

I certify that I have read and understand and will comply with the provisions of this asbestos notification statement and that I will comply with all state and federal regulations pertaining to asbestos.

**To: Building Official and Plan Reviewers**

**Re: Notification Statement Requirements**

The purpose of this letter is to remind all Building Officials and Plan Reviewers, to include an asbestos notification statement when issuing demolition and/or renovation permits, as required in the Florida Building Code, Chapter 1, Section 105 Permits, as follows:

**105.9 Asbestos.** The enforcing agency shall require each building permit for the demolition or renovation of an existing structure to contain an asbestos statement which indicates the owner's or operator's responsibility to comply with the provisions of s.469.003 Florida Statutes and to notify the Department of Environmental Protection of her or his intention to remove asbestos, when applicable, in accordance with state and federal law.

*(in Palm Beach County the owner/operator must submit the notice to the Palm Beach County Health Department)*

The Code of Federal Regulations Asbestos Rule NESHAP established by the Environmental Protection Agency (EPA) was adopted by the Florida Department of Environmental Protection (FDEP). In Palm Beach County (PBC); the FDEP has delegated the regulatory authority to the Palm Beach County Health Department (PBCHD) to enforce the provisions of s. 469.003 Florida Statutes and the Code of Federal Regulations Asbestos Rule.

There is no designated language for the notification statement, but we have found language, similar to the following, to be helpful in assuring compliance:

**Written notification is required to be submitted to the Palm Beach County Health Department ten working days prior to the commencement of any demolition or regulated renovation activity pursuant to Section 469 Florida Statutes.**

We've enclosed some of the forms used by various building departments which satisfy the notification statement requirement.

# Asbestos Notifications Guide

IF YOU ARE PLANNING TO DEMOLISH OR RENOVATE ANY EXISTING REGULATED STRUCTURE, YOU ARE SUBJECT TO THE FEDERAL AND COUNTY REGULATIONS RELATING TO THE DEMOLITION AND THE HANDLING OF ASBESTOS CONTAINING MATERIAL.

PLEASE COMPLETE THE FOLLOWING INFORMATION TO DETERMINE IF THE ASBESTOS RULES AND FEE APPLY TO AN ACTIVITY OR GROUP OF ACTIVITIES YOU PLAN ON CONDUCTING.

A. MARK THE BOXES THAT APPLY:

1. Demolition or (interior or exterior) Renovation activity involving:

- ☐ Commercial, industrial, or public building
- ☐ School, College, or University owned property
- ☐ A residential building with more than four dwelling units
- ☐ Two or more residential structures at the same site or part of the same demolition or renovation project
- ☐ Residential property being demolished for commercial purposes or by government order
- ☐ An ordered demolition of a structure deemed unsafe by a state or local governmental agency
- ☐ An emergency demolition as defined in the Federal regulations
- ☐ Burning any building for training purposes

2. Renovation activity for a project type identified in A.1. above involves the removal (or disturbance) of regulated asbestos containing material of:

- ☐ 160 square feet or more
- ☐ 260 linear feet or more
- ☐ 35 cubic feet or more
- ☐ Below cut-off for each of the above, but combination of materials equals or exceeds 1 in the following formula:  
$$\text{sq. ft./160} + \text{l.f./260} + \text{cu.ft./35}$$

B. IF ANY BOX IN A.1. OR A.2. ABOVE APPLY, SUBMIT A NOTICE OF DEMOLITION OR ASBESTOS RENOVATION WITH THE APPROPRIATE FEE TO THE FOLLOWING:

Florida Department of Health Palm Beach County  
Asbestos Program Coordinator  
800 Clematis Street – 4<sup>th</sup> Floor  
West Palm Beach, FL 33402

**Alternatively, you may submit a Notification electronically at the following website:**

<http://www.fldeportal.com/go/submit-registration/>

**NOTE:** Chapter 11, Article II, Section 11-20 (a) (5)-(6) of the Palm Beach County Code (§4, Ordinance No. 78-5, as amended) requires that before commencing asbestos renovation projects or demolition of structures subject to the National Emission Standards for Hazardous Air Pollutants (NESHAP), written approval must be obtained from the Health Department .
